Buyer	Northstar Components Pvt. Ltd. (fictional)
Supplier	Example Fuel Traders (fictional)
Invoice date	05 Oct 2026
Invoice number	TEST-FUEL-2026-1042
Fuel type	High-speed diesel
Quantity	420 litres
Intended use	Backup diesel generator
Unit price	■89.50 per litre (fictional)
Subtotal	■37,590 (fictional)
Tax	Excluded from sample calculation
Total	■37,590 (fictional)

Notes

• Use 420 litres as activity data if the fuel was actually consumed in the reporting period.

• A purchase invoice alone may not prove combustion in the period; reconcile with stock and generator logs.

For software testing only. All names, addresses, IDs and values are fictional.
