SAMPLE DATA — NOT A REAL BUSINESS DOCUMENT

Diesel Generator Operating Log

Fictional operating log to reconcile fuel purchase with actual use

Document reference: TEST-GEN-2026-10

Date	Runtime (hours)	Diesel used (litres)	Notes
01 Oct 2026	2.0	18	Power interruption
04 Oct 2026	3.5	31	Backup operation
09 Oct 2026	1.5	14	Testing
15 Oct 2026	4.0	36	Power interruption
21 Oct 2026	2.5	22	Backup operation
25 Oct 2026	3.0	27	Backup operation
TOTAL	16.5	148	Fictional total for listed dates

Notes

• Compare fuel consumed in the log (148 litres) against purchases and opening/closing stock.

• Do not count both purchased fuel and consumed fuel as separate emissions; choose the appropriate activity evidence.

For software testing only. All names, addresses, IDs and values are fictional.
